Bible Study SIMPLIFIED

The Bible Study Simplified Journal is a companion guide to our free course Bible Study Simplified. Anyone can—and should!—learn how to study the Bible. It is a learned skill. While anyone can read the Bible and hear God’s voice, applying methods of in-depth Bible study is a skill that can be learned and developed.

NEW Product!

The Bible Study Simplified Journal is a step-by-step guide through a basic Bible study methodology. It is designed with simplicity in mind to function as guide to get a beginner started learning to study the Bible but is also a useful tool for the seasoned expert to capture study notes.

The Journal follows the methodology from the course. There are 25 journaling sections following the READ, EXPLORE, EXPLAIN, APPLY outline with questions to answer about the Scripture portion you read.
